O'Brien Fine Foods Environmental Policy

O'Brien Fine Foods is a family run business which specialises in the manufacture of premium cooked meats. We understand that our business activities have an impact on the environment, but we are committed to ensuring that these activities are managed accordingly using sustainable and responsible practices.

Our Purpose, which focuses on sustainability across the OBFF supply chain, sits at the heart of the Business Strategy, and commits us to conducting our activities with due care and regard for the environment.

OBFF are in the process of developing an environmental management system which conforms to the requirements of ISO14001:2015

To minimise our environmental impacts, we are committed to:

- Complying fully with all relevant legal requirements, codes of practice and regulations that relate to our environmental aspects.
- Assessing and benchmarking the environmental impacts of our operations against our peers, as well as other sectors, ensuring our targets and objectives stay relevant and aligned to best practice industry standards.
- Develop and set environmental targets and objectives for key environmental aspects including, Carbon Management, Energy, Water, Waste and Biodiversity.
- Understand all potential pollution sources, developing the means to have zero pollution incidents.
- OBFF Senior Leadership Team are committed to ensure that they build an internal culture that aims to protect the environment, having a positive impact. As well as influencing our suppliers and customers on making more environmentally sensitive choices.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional development strategy remains core to our business goals.
- We will look to work more closely with members of our supply chain (suppliers, customers, regulators, academics, corporate bodies) looking for new opportunities to collaborate, form new partnerships and innovate, to find new ways of working to support our environmental goals.
- Encourage and enhance biodiversity and ecology throughout our own operations and those of all our internal and external stakeholders.
- OBFF will monitor our progress to ensure ongoing improvements in our environmental performance.

At OBFF we are committed to continual improvement of environmental performance. This policy will be communicated to all staff, contractors, and suppliers, and be available to the public through selected media.
